3000 PERSONS HEAR SCOVILLE

EVANGELIST VIGOROUSLY DENOUNCES CONDITIONS.

FLAYS HYPOCRITES ASSAILS UNBELIEVERS

Says New Fangled Religions Are Sending Folks to Hell—Praises the Pioneer Preacher.

Attendance last night 3,000
Attendance to date 11,000

Lambasting conditions in Maryville, flaying hypocrites, assailing unbelievers and attacking Christian Science, Mormonism, Russellism and Dowieism, Dr. Charles Reign Scoville preached his third sermon of the campaign to more than 3,000 persons last night.

The crowd was the largest since the meeting started Sunday. A huge delegation of Baptists and Presbyterians and about 500 from out of the city helped to fill the big tent tabernacle almost to its capacity.

Audience Much Moved.

Dr. Scoville preached from the platform and he preached from the aisle. He forced his audience to laugh, to cry and to think. He poured a tornado-like storm of invectives at sinners and heaped piles of ridicule on Christian Science. He used choice English, and he used slang and he stopped so abruptly that several minutes elapsed before the audience fully comprehended that he had said with a wave of his hand,

"You are dismissed."

His subject was "The Skeleton in the Closet." The sermon was aimed at hypocrites, but all other kinds of sinners along with those who follow what the evangelist terms false religions were raked, jarred, jolted and scorched.

"A man not fifty feet from me saw some of your boys shooting craps," said the evangelist. "God pity the boys. Who is to blame? Some folks here tonight contribute to the cause of iniquity by their damnable failure to read the Bible, pray and go to church.

"Some folks are living like chumps and mugwumps. You couldn't help save a soul because you are unclean. You couldn't experience the agony of the woman who refused to leave the altar in a big fashionable church as she knelt praying for her husband. She wanted her name removed from the Lamb's Book of Life unless her husband was won. The husband was won."

Women Shed Tears.

Many women shed tears as the evangelist told the foregoing story. There were not many dry eyes as he dramatically pictured an old paralytic preacher in a fashionable church at the close of his final sermon pleading in an agony of despair for his boy who belonged to the "Godless gang" and "Christless clique."

Every eye fastened on the evangelist as near the close of his sermon he left the platform suddenly and walked down an aisle describing how one boy led another to the front to Christ. The crowd was again deeply moved by the singing of Mrs. Scoville when in the midst of one of the evangelist's dramatic flights, he paused while she sang. Her solo was "Calvary."

"O for more of the religion of Calvary," pleaded the evangelist, "and less of this tommy rot. These new fangled religions are sending folks to hell. God bless the pioneer preacher. A lot of young folks disregard the efforts of their parents who fought to

Scoville Sayings

Some old fresco-faced society sissy won't smile for fear she will crack her 75-cents-a-box complexion.

—

A lot of society fools would rather have their names at the top of a society column than prominent in the church notices.

—

Certain Maryville boys shoot craps. God pity the boys. Who is to blame?

—

You in the Godless gang and Christ-clique won't find any comfort in the fact that a lot of others of your kind are in hell.

—

Christian Scientists are dupes of old Mrs. Eddy.

—

Imbecilic holiness and namby-pamby piety in the churches and too many devilish people who join without being born again are things that hinder the churches.

—

Some mothers urge their daughters to marry young men who are as rotten as hell.

—

Some young men are like skunks, alligators, lizards, turkey buzzards. I ought to apologize especially to the skunk.

—

This city has been pestered long enough by certain billy goats and nanny goats.

—

If you don't like what I say you can lump it. I don't care a rap.

—

Some of you act like you have the belly ache. Go to Christian Science. My religion touches the heart and not the bowels, thank God!

—

If this auditorium should sink into hell some of you certainly ought to go.

A GIRL ON EVERY PAGE

Dr. Scoville Tells High School Students What They See in Their Books—Includes Girls, Too.

"When some of you fellows look at the page of a book you see the face of a pretty girl," Dr. Charles Reign Scoville told high school students at assembly today. Laughter led by the girls increased into a storm when he added:

"And some of you girls see the face of a boy on each page when you open a book."

The evangelist urged the students to plan new work, use good judgment and to put over what they start. He was roundly applauded several times as he drove home points and told humorous stories.

Mrs. Arlene Dux Scoville and Charles Forsythe of the Scoville party sang solos. Both were encored. Superintendent J. M. McDonald presided.

Dr. Scoville will speak at Normal assembly tomorrow.

Robert Wolfers of Hopkins Home From A Month Cruise on a Big Ship.

Robert Wolfers of Hopkins returned home this week from the East and reports a pleasant and profitable cruise on a United States battleship, being on the water for about a month and received naval training similar to that of the army camps on land, the object of the cruise being to give those on board practical training in case of actual war, says this week's Hopkins Journal. Mr. Wolfers is to leave next for Madison, Wis., where he will attend the State University the coming year.

BIG MEETING HERE

TEACHERS OF FIVE OR SIX COUNTIES COMING TO MARYVILLE.

WILL BE IN NOVEMBER

The Dates Will Be Selected Soon and Arrangements Now Being Made for the Program.

A joint teachers' meting of the Nodaway, Atchison, Harrison and Clinton county teachers and probably one or two other counties will be held in Maryville either the first week or the second week in November. This was the announcement of County Superintendent Bert Cooper today.

An effort is being made to get several other counties to join in this meeting. The meeting will probably be held November 2, 3 and 4, but this is not definitely decided.

There will probably be from 800 to 1,000 teachers here at that time. The meeting will be held at the State Normal school. At the same time will be held the agricultural and domestic science contests. The corn show this year is to be the biggest yet, being many more enrolled than ever before.

The program is being arranged now and the best talent available will be secured.

Dr. James Evans, 83 years old, of Burlington Junction, died at 4:15 o'clock this morning at Noyes hospital in St. Joseph following a serious operation.

A few years ago he retired because of his advanced age, and lived quietly at home enjoying the love and respect of all Burlington Junction people. He is survived by his wife and three children, Mrs. J. W. Jones of Loveland, Col., and Stanley E. Evans and Mrs. T. E. Fordyce of Burlington Junction.

The body of Dr. Evans will be brought to Burlington Junction at 7 o'clock this evening, and agreement for burial will be made later.

MANY WILL ATTEND

DELEGATES APPOINTED FOR THE HIGHWAY MEETING HERE.

LEADING TOWNS RESPOND

W. M. Shirley, Managing Editor of Automobile Blue Book, Will Take Trip Over Highway Soon.

According to notices received by Warren R. Jackson, secretary of the Maryville Commercial club, a representative attendance will characterize the meeting of the Saints' Highway association at the Commercial club rooms at 9 o'clock tomorrow morning.

Bedford, Ia., will send five delegates; Lenox, Ia., three; Creston, Ia., one, and Macksburg, one. Savannah has responded to the invitation and promises to send a good delegation. It is also expected that other towns along the route will send their representatives to the meeting.

Work has been received from William M. Shirley, Jr., managing editor of the Automobile Blue Book, announcing that he will make a trip over the Saints' highway between St. Joseph and Des Moines September 25 for the purpose of making an official log of the road for publication in the Automobile Route Guide.

Since an official log of the road will mean much to the towns along Saints' highway, it is the aim of those interested in the betterment of the road to rush the improvements so that the highway may be in the good condition when Mr. Shirley makes his trip.

A log of the highway has appeared in the blue book before this time but never with the official sanction of the publication. Its position with the favored tourist roads together with its natural advantages will mean a great increase in tourist travel and a corresponding amount of good to the towns along the route.

Saints' highway has fewer hills, bigger and better towns, and better garage and hotel facilities than any of the other highways competing for the tourist travel. Moreover, if the improvement of the road makes the use of the cut-off between Maxburg and Winterset a possibility, the route will be several miles shorter than any of the competing routes.

CHILDREN'S CHOIR TO SING

Musical Director Forsythe Drills Children for Saturday Service—Booster Club Organized.

Musical Director Forsythe of the Charles Reign Scoville party will hold the second children's meeting at the tent tabernacle this afternoon. He will drill the children for the service Saturday evening when the children's choir organized yesterday will sing.

The children's choir is also organized into a booster club. Nearly 500 youngsters attended the opening meeting and it is expected this number will be increased today, as the sleight o' hand stunts and genial manner of the director pleased the children immensely.

The secretaries of the booster club elected are: Sterril Bishop, Margaret Remus, Simeon Wright and Morton Evans.

A number of the children attended last night's service to the delight of Dr. Scoville.

"I love the children," he said. "They must be quiet but I wigiged when I was a child and so did you. Bend a wiggler, don't break him, and he will do all right. I hate a putty-faced kid that can't move."

BUSY BUILDING BRIDGE

County Clerk Has Six Gangs at Work—To Build Some New Bridges in Green.

The county court on an inspection trip yesterday to Green township decided to build a cement culvert and an eight-foot culvert on the township line between Nodaway and Green townships. Another concrete culvert will also be built a quarter of a mile from the William Davenport farm in Green township.

There are at present six gangs at work over the county building bridges and the court is making preparations to send a gang to Monroe and also to Lincoln. The gang will build a bridge on the township line between Monroe and Green townships, west of the river, and the one in Lincoln near the Charles Miller place. The gangs at work are stationed as follows: A cement, steel and wood bridge gangs in Hughes township; a cement gang a quarter of a mile from the Mt. Pleasant school on the Nodaway and Atchison township line; a cement gang a quarter of a mile north of Orrsburg; a wood bridge gang in Jefferson.

CHARLOTTE WALKER COMING

Famous Actress to Appear in "The Trail of the Lonesome Pine" at the Empire.

"The Trail of the Lonesome Pine," in which Charlotte Walker is to appear in her famous role of "June" at Empire this evening, is one of the most recent and best Lasky productions and is staged under the personal direction of Cecil B. De Mille, director general, who has maintained throughout the picture the wonderful atmosphere of the Cumberland mountains and the peculiar characteristics of the mountaineers of that remote region.

The story has to do with the love between the beautiful daughter of the leader of the illegal whisky makers and a young revenue officer who has been sent to the mountains to secure the arrest of the father.

In the cast supporting Miss Walker are Theodore Roberts, Thomas Meighan, Earl Fox, Park Jones and other members of the Lasky all star company.

"The Trail of the Lonesome Pine" is highly recommended wherever it has been shown.

FALL OF PERONNE LATEST FORECAST

IMPORTANT GERMAN POSITION WILL BE TAKEN BY FRENCH.

TEUTONS REPULSED IN COUNTER ATTACKS

Bulgarians Make Prisoners of Entire Fifth Division of Greek Army—Capture Supplies of Towns.

Special to the Democrat-Forum.

London, Sept. 14.—The capture of Peronne, the most important German position on the west front, by the French is a blow that will force the Germans to abandon the great Noyon salient which they have maintained since the battle of the Marne two years ago, was the forecast in dispatches today. It states that Crown Prince Ruprecht of Bavariaa is reenforcing troops about Peronne and will bring up all auxiliary artillery for the town's defense. The civilians have been ordered to leave immediately.

Paris, Sept. 14.—The German troops launched a counter attack on the Somme front late yesterday but it resulted in failure, according to the war office announcement today. Attacks made by the Teutons on both sides of the river for fear of military operations were much commented upon by French experts.

The allies not only gained their objective in attacks that they made, but they held on to their captured positions in spite of the most desperate efforts of the Germans to dislodge them.

In later attacks the Germans hurled large forces upon the French only to be driven back with heavy losses.

Continuing their joint offensive on the allies' left wing, the Serbs and French troops have won further successes over the Bulgarians, according to the official report of Saloniki operations.

German Troops Transferred.

Amsterdam, Sept. 14.—Large numbers of German troops stationed in Belgium are being transferred to the eastern front.

Bulgarians Take Prisoners.

Saloniki, Sept. 14.—The Bulgarians have made prisoners of the entire Fifth division of the Greek army at Kavala, it is announced today. The Bulgarians also took possession of all of the Greek military supplies in the towns and forest near by.

Bombarding Kavala.

Saloniki, Sept. 14.—British and Russian warships today bombarded the heights and Greek forts at Kavala, occupied by the Bulgarians. It is unofficially reported that a massacreing is in progress in the town itself. The Turks and Bulgarians are masacreing the inhabitants.

WOODMEN MAY NOT PAY IT.

A Suit Probably Will Be Instituted by the Estate of Chas. Cummings of Hopkins.

There is some chance of the 4-year-old son of Charley Cummings, the section foreman who committed suicide in this city last month, not receiving the $2,000 insurance the father left him in the Woodmen lodge of Hopkins. Mr. Cummings had been a member of the order less than a year and the Woodmen by-laws read that no benefits shall be paid if a member takes his own life in less than a year after joining the order. The matter is now in the hands of attorneys and a suit will be instituted against the lodge if the insurance is not paid. The result will be watched with interest.—Hopkins Journal.

Mr. and Mrs. Thomas Tallon, living east of Maryville, will leave tomorrow in their car for a trip to Milton, Ia., where they will visit with relatives.

The New Fall Coats

Women who are informed in the world's comings and goings know that no one thing has been more battered about than the fate of the NEW FALL COAT, what with the abnormal labor conditions and the high prices asked for materials. They are the ones who have come to us with questions on their lips, for they look to us for accurate information on all style points.

The best answer we can make is to show our COATS—and we do show them with pride. We bought only from the best makers, we selected the materials ourselves, we even, in many instances, designated the styles. In this way, a season which has upset nearly every house in the country, finds us with assortments that from the standpoints of style and value-giving maintained in every way the high standard for which this store has always stood.

The value-giving at each price from **$15.00 to $45.00** is as high, as trustworthy, as it has always been.

SHIPWRECK REQUIRED—NO SHIP.

Energetic Director Finds a Real Ship and William Fox Sea Life Film Has Wreck.

As Richard III cried for a horse, so William Farnum cried for a ship during the filming of the latest William Fox photodrama, that thrilling story of film life, "Battle of Hearts." The picture had to have—and has—a shipwreck, a real one. But the demands on sea craft caused by European war conditions for a time made it appear that the picture could not be completed.

Scouts wandered around, but they could not buy, borrow, beg, or steal a ship. There was not one to be had anywhere. There were no idle ships; not even sailing ships or wind-jammers. The spur of commerce pricked every vessel into new life; gaping seams have been plugged with oakum and even putty; rusty machinery has been pounded and polished into a counterfeit of worth, and even those that have laid in the mud have been drawn out and sent on their commerce-carrying missions. Crews were receiving exorbitant wages—to take a chance and to get the rotting old hulks out to sea.

Director Apfel applied to the Mare Island Navy Yard, here the government sends its condemned colliers and other maritime junk to be disposed of for old iron. The naval officers in charge laughed at him.

"Everything that we have had for the past year has been snapped up by shipping men here," the commandant said, "and we have received unheard of prices for anything that floats. Some of the vessels we have sold will cost more than they did to construct to put in seaworthy shape. But that has not deterred buyers. Any sort of a ship is salable and at any price desired."

But there is a genuine shipwreck in "Battle of Hearts." Where and how the boat was procured is a "professional secret."

OH! MY BACK!

The Expression of Many a Kidney Sufferer in Maryville.

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Maryville proof:

Mrs. B. M. Skinner, 1103 North Mulberry street, Maryville, says: "My back was so weak and lame that I could hardly work. My kidneys were very troublesome owing to their too frequent action and I had continual headaches and dizziness. Doan's Kidney Pills corrected the trouble and my health greatly improved."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Skinner had. Foster-Milburn Co., props., Buffalo, N. Y.

WILL PLAY HERE MONDAY

Feds to Play the World's All Nations Team On Their Way to Indianapolis From Omaha.

Another big baseball game will be put on here next Monday by manager Cleav Funk of the Feds. He has arranged for the World's All Nations baseball team to play the Feds here that day. The All Nations are composed of Hawaiians, Japanese, Cubans, Filipinos, Indians and Chinese. The team is on its way from Omaha to Indianapolis in a special and only play at Maryville, Moberly, Decatur, Ill., and Logansport, Ind., on the way. They go to Cuba this winter.

With this team is John Donaldson, the greatest colored pitcher in the world. It is said that the only thing that keeps him out of the major league is his color. Donaldson pitched sixty-five games last season and won sixty of them. Jose Mendez is the other mainstay on the club. He is the crack Cuban pitcher who defeated the Detroit Americans 1-0. Three other top-notch twirlers are on the club. Blukoi, a giant Hawaiian, is the second baseman and is considered the best outside of organized baseball.

Manager Funk tried to get this team here at the first of the season but could not.

that understood. I hate a man who won't rent to families with children. But some men would make a black mark on coal, they could hide behind a corkscrew without showing their ears, and they need a biplane to touch the bottom of hell.

"S-s-s-s-s-si-n. Notice the hiss. "Well, the first letter is the crookedest letter in the alphabet. The second is i. It means satan, serpent, sorrow, sadness, suffering. Purify yourselves, then purify your boys so they will live as clean as they expect girls to live. Then you can win souls to Christ and escape hell.

Flays Ambitious Mothers.

"Some old silly sissy is always demanding that her daughter marry some young man who is as rotten as hell. She is afraid the daughter will lose out. Some boys are rotten like turkey buzzards, lizards, skunks and aligators. I ought to apologize to the skunk for saying that."

Dr. Scoville was aroused to a high pitch. He declared it his mission to cut church members to clean them up as much as it is the duty of the surgeon to cut the body that ailments may be removed, and he proposed to lay bare the facts while here.

A rousing song service under the direction of Musical Director Forsythe preceded the sermon and Mrs. Scoville's singing caused considerable favorable comment.

The First Submarine.

"Old Jonah had the first submarine. It would be a good thing for Maryville if some of its citizens would take Jonah's submarine and get out. That's right, gigle if something tickles you. I'd rather have you gigle than sit with your lower lip hanging down like a lap robe."

Some one in the audience had giggled when the evangelist spoke of Jonah.

"Why, some of you sit there looking like you have the belly ache. Go to Christian Science. It will cure you. My religion is of the heart and not of the bowels, thank God. You don't like me for saying that, eh? Well, I don't like you, either, so there's no love lost.

"A lot of you haven't enough religion to wad a shotgun. One old woman said once she'd like to swallow me for talking as I do. I sent word to her if she did she'd have more brains in her stomach than she had in her head.

"You say you'll take your kids and go home. All right, that is up to you. Do as you like, only remember if you start you prove yourself a goat.

"One time an old Christian Science woman met a boy cramped with green apples. She told the boy he only thought he had a pain.

"The boy looked at her and said, 'You can't hand me that dope, I've got inside information.' The old woman might use Christian Science because she would lie about the pain but it wouldn't do for the boy because he would tell the truth.

"Say, I want it understood that I want the mothers and babies to come here," he flashed suddenly, "I want
